Social networking for European and non-European graduate/professional students and post-docs since 2003

We are a group of graduate students and postdocs from all over Europe and elsewhere. We are organised in this club to meet with other international graduate students and postdocs to talk about Europe and learn about different cultures. Every graduate student or postdoc at Cornell, whether or not she/he is a European citizen, is welcome to join our events and discussions.

Since 2003, the European Club has been welcoming Europeans and non-Europeans alike to Cornell, providing a “first port of call” for new arrivals to Ithaca to make new friends and to facilitate cultural exchange by holding regular meetings and European-themed events.

To learn more about our club visit our website www.rso.cornell.edu/europe or to join our free mailing list, send an email to euroclub.cornell@gmail.com
